

Graham Tells Teen-agers Not 'Sissy' to Follow Christ

SAN FRANCISCO — Billy Graham told teen-agers Thursday night there's nothing "sissy" about following Christ.

"Don't you guys ever get the idea Jesus was a sissy," Graham

told a capacity crowd of 16,500 in the Cow Palace. "He was once a teen-ager himself. He enters into your joys and sorrows."

"He could have been a star on any team."

THURSDAY NIGHT was teen-age night, the fifth meeting of Graham's six-week crusade to save San Francisco. More than a quarter of his audience was youngsters.

After his sermon, 989 persons, many of them teen-agers, came forward to make a "decision for Christ." Up to then, the average had been 350 to 400 decisions a meeting.

"THIS IS THE largest group I've ever seen come forward in any crusade during the first week," Graham said.

Graham sprinkled his sermon with "jive" talk, provoking shrill giggles now and then from some of the girls.

He took as his text the 17th Verse of the 10th Chapter of Mark, in which a wealthy young man asked Jesus: "What shall I do so that I may inherit eternal life?"

"Take up the cross and follow me," was Jesus's answer.

"THIS YOUNG MAN had everything on the ball," Graham said. "He could drive down the street in a yellow convertible. But there was an emptiness, a restlessness in his soul. Many of you are like that."

Graham noted that adolescence is a time of trial.

"It is a transitional period, and by far the most difficult of life—a time in which disc jockeys are youth's philosophers."

BUT HE SAID youth is searching for a leader, for authority.

"I believe that something they are seeking is Jesus Christ. I believe he is their authority."

Graham said besides youth's search for authority, youth is "troubled with sex" and thinks it is misunderstood.

Assemblyman L. M. "Lee" Backstrand returned last Saturday from the history-making and prolonged session of the state legislature in Sacramento to actively swing into a county-wide campaign for reelection to his fourth consecutive term in the California Assembly.

Backstrand, nominally a Republican, is running for reelection on both the Republican and Democratic tickets in the June 3 primary election. He has represented the 71st Assembly District, covering all of Riverside County, since 1952 and during this time has served on many important legislative committees.

THE RECENTLY concluded state legislative budget session, thrown into an unprecedented lengthy period due to a deadlock

between the southern and northern legislators in seeking a solution to California's water problem, was commented upon by Assemblyman Backstrand upon his return to the district.

He said the Assembly, contrary to tradition, proved to be the bulwark for economy in our state

water resources for all parts of our State.

"In order to make certain that the people of Riverside County and Southern California were adequately protected," he said, "the legislators from the southern counties organized into a Caucus and I felt honored to be chosen a member of the steering committee which developed principles to guide us during the session."

"IT WAS THE action of the Assembly," Backstrand said, "which finally forced adoption of a budget substantially less than the one first submitted and in keeping with the money available."

Backstrand said the legislative deadlock at the session focused the attention of everyone in the state on the need to settle the water problem so that California can continue to develop.

"SOME OF THESE guideposts for a state water plan, contained in the 'Statement of California Water Development' prepared by Backstrand's Steering Committee and adopted by the Caucus, were:

(1) We believe the basic differences now existing between areas of water need and areas of water surplus can and must be solved and that we can continue the full development of our California

water resources for all parts of our State.

"(2) We believe that the key to orderly development of any comprehensive California Water Plan is to settle the basic problems of water rights and financial policy before constructing any major developments such as the Feather River Project.

"AS A DIRECT result of this constructive attitude taken by the southern legislators," said Backstrand, "a water budget was adopted which will continue to provide the funds for staff and engineering work in addition to adequate flood control money."

Expressing the opinion that a benefit would result from the recently concluded legislative water controversy, Backstrand said he believed the arguments pro and con left the public better informed on all problems involved

and that a water program will come about faster as a result.

"IN THE PAST several years," Assemblyman Backstrand said, "I have talked on this problem to many groups throughout Riverside County. Naturally, only those intimately associated with water problems seemed to be well informed. Now, as a result of the controversy in Sacramento, the general public is intensely interested in becoming well informed on details of the California water plan.

"And it is the general public, in the final analysis, who will make the decision. This is the way our American form of government is intended to work. Enlightened people should and will make the final decision."

History Repeats for Senator Knowland

Some years ago when war between the United States and Japan seemed imminent, and a number of the junk dealers of America were making fortunes by shipping all of the scrap iron they could collect around the country-side to the Nipponese, United States Senator William F. Knowland led a vigorous campaign against government policies permitting the export of such war materials to an unfriendly power.

How right the great Senator's stand was became clear shortly thereafter when this same metal was hurled back at our own fighting forces with devastatingly lethal effect.

Once again a very similar national policy situation has arisen in the proposed release to Russia of American secrets, knowledge and machinery for the making of superlatively perfected tires in the Soviet.

And, once again, Senator Knowland is leading an almost one-man campaign against the softening of governmental policies which would permit sending of American materials, technicians and equipment to build modern tire factories in Russia.

There is no question that tires are just as much a necessary war material for Russia as was scrap metal for Japan.

Not only is the best of rubber needed for mobile equipment including airplanes, but it is also required for scores of other purposes.

In addition, there is the fact that even in peacetime, if the United States should thus enable Russia to produce tires comparable to those made in this country, we will be building up a world-wide commercial competitor for the tire market in other nations which could well cripple our own tire industry. What with an unlimited supply of "slave" labor, Russia could easily undersell American tires everywhere.

It is to be ardently hoped that Senator Knowland again wins his battle against setting up duplicates of American tire factories in Russia by awakening the people of the nation to the danger of such an action.

With Red dictator Khrushchev loudly proclaiming a "war" against the United States in the commercial markets of the world, it certainly would be the height of folly to help Russia produce high grade tires to sell against us.

Which makes one wonder why anyone high in government policy circles would even consider such a thing, and again proves how right and courageous our eminent Californian is in all matters of sound principle and action.

Pulpit in Space

WASHINGTON, D.C. — The Very Rev. Dr. Francis B. Sayre, Jr., Dean of the National Cathedral, is discussing plans to promote peaceful and international conquest of outer space. He is willing to turn over the Cathedral as a meeting place for an all-faith, all-nation conference—he deeply feels this issue to be a moral responsibility of religious leaders.

Dean Sayre, born in the White House and the grandson of Woodrow Wilson, will confirm this story, although he did not originate it. The facts reached this reporter from routine Capitol Hill sources is somewhat the following sequence:

IN JANUARY, AFTER a trip to the Far East, Dean Sayre called upon his close friend, Sam Houston Johnson, brother of and research assistant to Senate Majority Leader Lyndon B. Johnson. Sayre had not come particularly to talk politics but to visit with Johnson, who had been confined indoors because of a broken leg. In their many discussions the two men had found firm conviction and meeting of the minds on many important issues.

Dean Sayre stated that he had been favorably impressed with Senator Lyndon Johnson's remarks on space control in the latter's address on Jan. 7 to the majority Senators. In this speech, the Senate Leader was critical of the Administration's failure to assert leadership and to call an international conference on space.

FIVE DAYS LATER President Eisenhower, in a letter to the Russian Premier, showed the Administration's space policy to be unilateral. Dean Sayre, feeling very strongly that the problem was too big for Ike's method, was determined, if possible, to do what he could to forward peaceful exploration of space.

The difficulties were soon manifest. First, Dean Sayre invited the Senator through his brother, to a luncheon meeting

at the Metropolitan Club with himself and Sir Leslie Munro, President of the UN General Assembly.

THE PROPOSAL was taken to Senator Johnson in the form of a memo written by Sam Houston Johnson and delivered by the latter's wife. The Senator, although impressed with the purposes of the idea, would have nothing of it. He replied in part that it would be violation of protocol to meet with a foreign representative except through State Department auspices.

He also has a firm conviction of the division between the Executive and Legislative functions of our Government and makes great effort to keep the dividing line clear-cut.

JOHNSON ALSO remarked that he never left Capitol Hill at midday when Congress was in session and that to be seen at a luncheon club would stir wild stories in the newspapers. When it was next proposed that he meet privately with Dean Sayre and Sir Leslie Munro to discuss some sort of UN approach, Johnson replied that a secret get-together would be even more rumor-producing than a public one.

Finally, the Senator (to whom religion is a most intimate affair) would not countenance anything which seemed to show him mixing spiritual and political activities.

DESPITE REFUSING to participate, Johnson, was appreciative of the Dean's interest in the matter of space control and somewhat intrigued with the religious approach to the yielding problem. Dean Sayre's feeling was that the world's political leaders could rightly consider that they had a responsibility, too. To this Senator Johnson fully agrees.

Then, on Sunday, March 9, Dean Sayre preached a sermon saying, among other things, that:

"The presumption of any nation, whether ourselves or Rus-

sia, to claim hegemony over space is equivalent to Adam's original disobedience . . . Let scientists beware. It is not for them to dispose of God's creation."

A CAPITOL HILL secretary was present during the delivery of this sermon, and she quickly advised responsible persons of the importance of it. In a manner not very mysterious to those who follow political doings, Assistant Democratic Leader Mike Mansfield, appeared on the Senate floor with a manuscript of the Dean's sermon and obtained permission to have it printed in the Congressional Record. The sermon appeared there under the date of March 18.

Thus, as a natural outgrowth of the friendship between Dean Sayre and Sam Houston Johnson, a bridgehead was established between Dean Sayre of the National Cathedral and Senator Johnson of the Majority Party in Congress.

DR. SAYRE in his enthusiasm at one point offered the National Cathedral as a forum for Johnson to discuss his ideas for international control of space. The Senator, of course, found the proposal unthinkable; but he is not at all displeased to have Churchly support in what he considers an imperative duty.

The open regions beyond our atmosphere are today being explored more than one nation, and for nations to fight over the rights of priority or discovery would be a cosmic jest of the grimdest consequence. "This is the time to act," Johnson told the Senate on Feb. 3. "Now, while the satellites are searching for facts instead of targets."

Dean Sayre, realizing the limitations of what Congress can do, has decided that the time has come for the leaders of the churches of all faiths to take the matter directly to the people and they in turn to the leaders of governments.

That reminds me of Tom Boy, the prize-winning show horse, doomed to die because his late owner provided in her will that when she died, he was to be de-stroyed.

That's a line of thinking I can't understand. I hope a way is found to save him.

YOU KNOW, I read The Desert Sun every day from the top of column one, page one, to the bottom of column eight, last page. And I don't do it because that is what every newspaperman is supposed to do—read the paper he works for, thoroughly. But because you run into so many surprises.

Like on the classified page the other day.

Man was advertising for a room. He wanted it isolated because he can't abide neighbors. Nor television.

The advertisement concludes: "Have Cat." But doesn't say "Will travel." The cat probably will.

AND ONE MORE NOTE on Be Kind to Animals Week.

Young lady, taking a classified over the telephone which offered a dachshund for sale, spelled it "Doxhund."

"No, no," admonished her boss, "Dachshund. D-a-c-h-s-h-u-n-d."

She learns fast.

Two days later she took a phoned advertisement offering a fox terrier for sale.

And it came out "Fuchs Terrier."

The reason they call money takes it, I'm told.

Offhand, being too tired to check through the files, I think there have been five elections so far this year. School bonds, re-districting, city council, junior college, sewer bonds.

Soon there'll be a school board election and then the primary in June.

EACH ELECTION costs the tax payer money for election boards, supplies and other items.

Each election also brings forth

Seems to me it might be a smart idea to anticipate all of the local elections and bumbo them in a package deal—all on one day.

12 of Nation's Top Financial, Industrial Men To Assist Industrial Committee of Valley

INDIO — An advisory board comprising financial and industrial men, all with interests in Coachella Valley, will assist the Coachella Valley Industrial Committee of the chambers of commerce.

Eight of the 12 members met this week and elected Floyd B. Odum, Indio area rancher and New York industrialist, as chairman of the board with Sol Lesser of RKO-Pathe News, Palm Springs and Culver City, as vice chairman.

MEETING AT THE Cochran-Odum Ranch for lunch with the members of the CVIC, they were briefed on the organization, the progress and plans of the valley committee and in turn reviewed possibilities of assistance in obtaining and researching types of industries compatible with the agricultural-recreational climate of this area.

The group invited Jacqueline Cochran Odum, nationally known cosmetics firm owner and aviatrix, to act as a liaison in the nation's capitol. "I will be delighted to serve in making aviation contacts there," she said in consenting to serve on the board.

OTHER MEMBERS of the board include:

Walter J. Braunschweiger, executive vice president of Bank of America, Los Angeles, who resides also in Palm Springs. He has been prominently in Los Angeles and U. S. Chamber of Commerce affairs.

D. D. Dunlap, oil man and owner of Dunlap Ranches near Thermal, Westmore, Bayshore and Hollywood Oil Companies, who also resides at Long Beach.

DR. G. M. GIANNINI, Gianni Research Corp., Santa Ana, and Pasadena electronics firm owner, who has valley interests.

Dudley Steele, retired aviation executive and director with Richfield Oil, member of the Riverside County Airport Commission, a resident of Palm Desert.

James F. Vanek, retired attorney, former trust officer with Continental Illinois National Bank and Trust Co., Chicago, of Palm Springs.

BESIDES THE foregoing who were present, the following are also members but were unable to attend because of illness or conflicts in the meeting date:

George Allen, La Quinta and valley property owner, former head of the Reconstruction Finance Corporation, confidant of presidents of the United States, member of the law firm of Alford & Alford, Washington, D.C., director of many large corporations and writer of the book "Presidents Who Have Known Me."

Leonard Firestone, Jr., industrialist, one of the developers of Palm Desert, who has many holdings in the valley and resides at Thunderbird Ranch.

WILLIAM P. LEAR, chairman of the board and director of research development of Lear Incorporated, Santa Monica.

Ray Ryan, Texas oil man, president of El Mirador Hotel in Palm Springs, and valley developer.

WALTER WRIGHT, chairman of the CVIC, said not only had each of the men agreed to counsel and advise the valley group, "but all indicated a great interest in being of service for which we are grateful. These men can render great service to us in an effort to attract industry that will be compatible to our area."

Odum, who accepted election to the chairmanship, is head of Atlas Corporation and his interests include Conair, General Dynamics and other corporations including uranium developments.

THE MEMBERS of your advisory board are all interested in the orderly growth of this area. We recognize that as the Metropolitan area grows to be the largest perhaps in the world that Coachella Valley holds a key for the recreational-suburban services as well as providing the location for laboratories and "think plants" to serve industry.

"It is admirably located to provide aviation facilities and the Thermal airport offers unequalled

advantages for Los Angeles and Southern California," he said.

MURIEL FULTON, Palm Springs Realtor, represents the Palm Springs area on the CVIC.

The CVIC serves an area from All American Canal east of about Madison Street to the Salton Sea. In its brochures and publicity it points out that the area west of Monroe and Madison streets is recreational area.

THE COMMITTEE has distributed a brochure to leading industrial men and realtors in the national and the West Coast. It has been instrumental in getting flight-pattern and height limit zoning around the Thermal airport, which is county-owned.

"We believe the advisory board

will provide us with know how and suggestions that will be invaluable," Wright pointed out.

THE CVIC HAS cooperated with the Riverside County Board of Trade in its activities and Dennis Flanagan, director of research for the BOT has been counseling the committee.

Jack Jenkins, Indio, and E. F. "Ted" Pearson, Palm Springs and Indio, are area representatives on the County Board of Trade's advisory committees. Lloyd Loveland, Realtor and member of the County Planning Commission, is also a member of the valley committee.

WALTER JENKINS, Indio, and E. F. "Ted" Pearson, Palm Springs and Indio, are area representatives on the County Board of Trade's advisory committees. Lloyd Loveland, Realtor and member of the County Planning Commission, is also a member of the valley committee.

Rice Appoints Roy Bolton as Valley Chairman

Sheriff Joe Rice today announced that he has appointed Indio businessman Roy Bolton as his Coachella Valley campaign manager.

Sheriff Rice said he appointed Bolton because of his "many years of support of good law enforcement and long residence in the valley."

The sheriff said he was a special agent for the FBI when he met Bolton in Indio several years ago. They have been close friends ever since the meeting, Rice said.

Elks Annual Piggy Bank Party Is Set for May 8

It's "piggy bank" time again for members of Palm Springs Elks Lodge.

The lodge scheduled its annual piggy bank dinner party for 6:30 p.m., Thursday, May 8, at the Highway 111 club house,

Members were asked to bring their banks to the party. Banks will be emptied and cash saved during the year will be turned over to the state cerebral palsy fund, said Exalted Ruler Harry Bogert.

Last year, Palm Springs Elks Lodge 1965 collected an even \$1905 in coins saved in piggy banks.

The annual party features a barbecue steak dinner and an evening of dancing, programmed by co-chairmen Jack Kramer, Pat Stambaugh and Rudy Salazar. Chef for the barbecue is Leo Wilkes.

Mike Romanoff Finally Wins U.S. Residence

Michael Romanoff, Palm Springs, Beverly Hills and San Francisco restaurateur, has finally won his long fight for permanent U. S. residence.

The Senate yesterday passed by voice vote and sent to the White House a bill to admit the controversial Romanoff as a permanent resident as of Dec. 22, 1952.

ROMANOFF, WHOSE birthplace and age are unknown, was excluded from the U. S. when he sought to enter in 1922. He was ordered deported but escaped his deportation then and he dropped out of sight again in 1925.

The self-styled "prince" again sought admission in 1932 after arriving in the U. S. as a stowaway. New efforts to deport him failed in 1933.

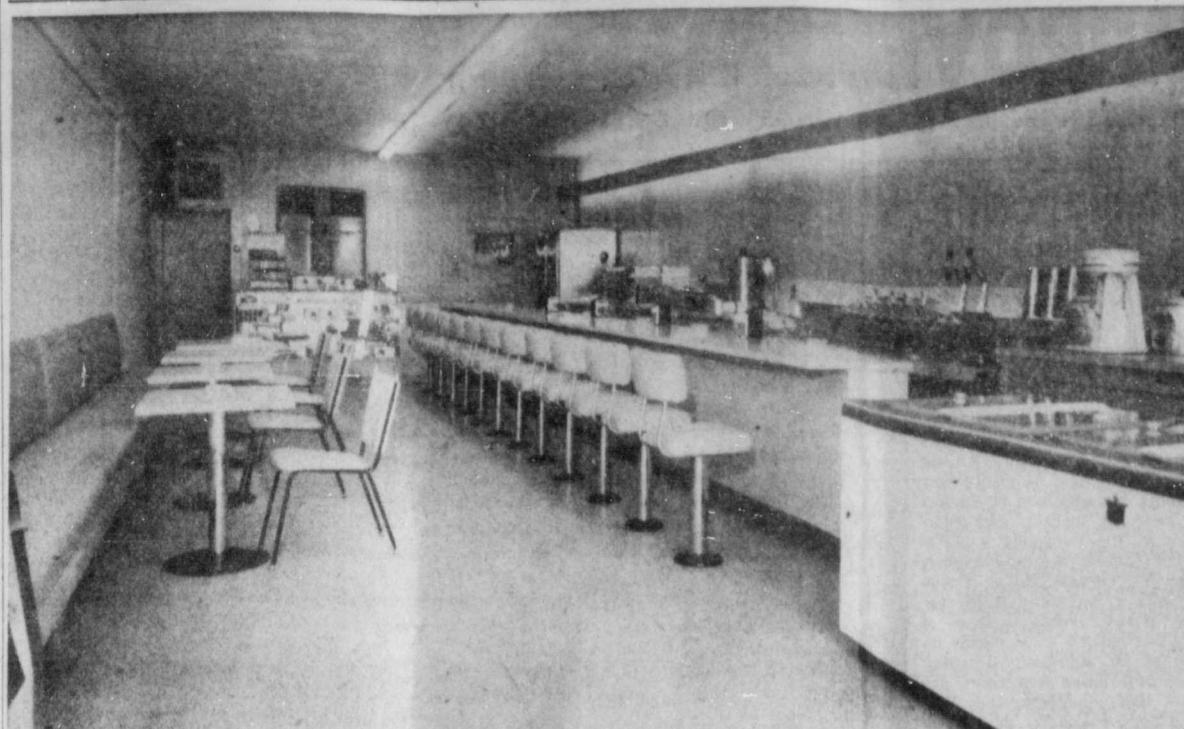

ROMANOFF WAS convicted in 1929 for "false pretense or larceny" and in 1933 for illegal entry. However, the latter offense was wiped out by a pardon from then President Truman in 1952.

The restaurateur has been married to a U. S. citizen since 1948.

Library District Hearing Set

The Board of Supervisors asked county counsel this week to prepare a resolution setting May 26 as the date for a preliminary hearing on a proposed library district in the Palo Verde Valley to be known as the Valley Library District.

The action was taken on receipt of word from the county clerk certifying a sufficient number of signatures to the petition for the district. The district will be comprised of 13 sections of land.

GRAND OPENING of the Pink Palace, new, modern ice cream parlor, located at 182 South Indian Avenue, has been set for Saturday, May 3, at 1 p.m. Free ice cream cones will be presented to children who are accompanied by their parents. The new parlor, which

features attractive custom-made fixtures by Woodcraft of California, is owned by Harry Huseby and Richard Rahn, both Village residents. (Desert Sun Photo).

Two Scouts Are Honored With Adal Tare Dei Medals

Ten young members of Palm Springs Boy Scout Troop 118 were honored this week with the award of coveted Adal Tare Dei Medals.

The medals, presented by Bishop Buddy in ceremonies at San Diego, are awarded to boys who serve 100 or more hours as choir or altar boys and are considered to be the most difficult medal to earn in the Catholic Church.

Members of Troop 118 who received medals were Howard Moore, Philip Singer, Philip Poist, Don Phillips, Warren Strayham, Dallas Leverett, Wayne Ebare,

Old Chestnuts

KINGSTON, R. I.—(UP)—W. P. Gould, extension forester at the University of Rhode Island, says that last year large blight-free chestnut trees were located in 36 states and are now being tested to see if they are resistant to the Asian blight. This disease is responsible for the almost complete extinction of this once proud giant of eastern American forests. Landowners can help by calling Gould's attention to any blight-free American chestnut trees they find.

One of the world's strangest mammals is the hyrax, a tailless coypule creature about the size of a Belgian hare, says the National Geographic Magazine. The animal lives in Arabia and East Africa, where its thick soft fur is often made into rugs. Most are rock-dwellers, but a few live in trees. Zoologists are especially interested in the hyrax as a curious relative of the elephant.

ROBERT TAYLOR, angered at the trouble-making activities of his brother, John Cassavetes, snatches the six-shooter from his hand in "Saddle the Wind," M-G-M outdoor action-drama now showing at Strobe's Village Theatre. Watching is Julie London, loved by both men. On the same bill is M-G-M's drama of today's youth, "Handle With Care."

Indio Fire Department To Sponsor Jeep Cruise

INDIO — The Indio Fire Department today scheduled its fourth annual Sidewinders Spring Desert Jeep Cruise for May 17 and 18.

Jeepers will tour the Pinto Basin area of Joshua Tree National Monument, camping at the Kaiser Steel Company mines, and will return the second day after a tour of the mine works.

Camping facilities and a ranch style breakfast will be available at the Riverside County Fairgrounds in Indio before the trip, according to the Fire Department sponsors.

Tour trail boss Cliff Gentry invited "anyone who can herd a four-wheel-drive vehicle" to attend the annual desert trek, which gets underway at 8 a.m. May 17.

County Shows 12.3 Per Cent Bond Sale Gain

Riverside County today continued its leadership among Southern California counties in the upsurge in sales of United States Savings Bonds.

Its gain over the first quarter of 1957 in the sale of E and H Savings Bonds was 12.3 per cent, announced Palm Springs Savings Bonds Chairman Thomas H. Holden.

In dollar volume sales were \$822,749, compared to \$732,780 for the same period last year. The county's March sales were \$219,419.

Southern California's eleven counties gained 14 per cent for the first quarter of 1958, as compared with the same period of last year, and hit a high in dollar volume of \$51,348,763, as compared with \$45,043,742. The national gain was 12 per cent.

Red Marshal Calls for 'Alert'

MOSCOW — Defense Minister Marshal Rodion Malinovsky appealed today to Soviet armed forces for vigilance against the "threat of a new war" by American Strategic Air Force bombers flying toward the Russian frontiers with nuclear weapons.

After Malinovsky's speech the Soviets held one of the briefest May Day military displays in recent years. Western military sources said no new weapons were seen. Low hanging clouds cancelled a scheduled fly-past.

A Melting Proposal

OGDENSBURG, N. Y.—(UP)—The Ogdensburg Bridge Authority will use hot air next winter to keep its ferry channel on the St. Lawrence River free of ice. Officials said they will lay air hoses on the channel bottom. Holes will be punched in the hose to let the hot air out. They said the warm air would float up under the ice and melt it.

English is the predominant tongue in Trinidad, although many languages are spoken by the island's diversified population.

Business Expert To Be Speaker To Appraisers

Conrad C. Jamison, vice president and manager of the research department of the Security - First National Bank, will speak on "Population, Building and Real Estate Trends in the Los Angeles - Long Beach Metropolitan Area," at a meeting of the appraisal division of the California Real Estate Association to be held at the Biltmore Hotel, room 333 in Los Angeles, on Thursday, May 8 at 6 p.m., it was announced by Jack P. Merrick of Long Beach, chairman of the CREA appraisal division.

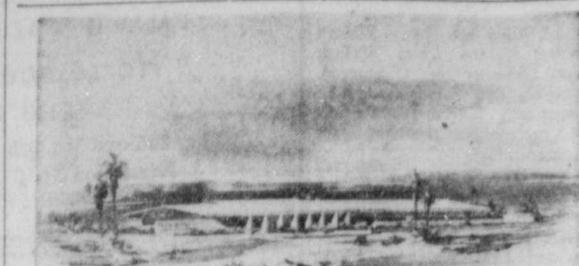

Jamison, editor of the Security-First National Bank's "Monthly Summary of Business Conditions in Southern California," with a circulation of 26,000, will trace the pattern of population growth and look to the future, commenting on the recent decline of immigration.

HE WILL DISCUSS the amount of home building that can be sustained with the projected population growth in this area and make a prediction on the volume of new homes to be built this year.

Jamison will tell how the current volume of real estate sales is affecting the price of home "re-sales." In his talk he will discuss future trends in real estate sales based on past history and the current economic situation.

MERRICK STATED that all real estate appraisers interested in this subject are invited to attend the meeting.

THE MODERN desert-sea styling of the building with its construction and design innovations, as created by Pereira & Luckman, will establish a new trend of desert-sea architecture, Giuntini believes. POPULAR SHADE - loving fuchsias make lovely gifts. New fuchsias are constantly being introduced, so shoppers have many colors and forms to select from. Among popular fuchsia habits is the attractive hanging basket form.

NOT TOO WELL known throughout the rest of the country, the geranium family is a popular favorite in California. Geraniums make ideal gifts, especially for lovers of container gardening.

The Salton City development will have its grand opening May 17.

Hydrangeas Suggested for Shade Planting

Sometimes the assets of a shrub, even an admired one, can be numbered quite briefly. Not so with the deciduous hydrangea, according to the California Association of Nurserymen.

Colorful blooms in summer, attractive foliage and a fondness for shade, easy upkeep — hydrangea owners recite on and on enthusiastically.

Several lovely varieties of the bold shrub are currently great favorites in California. Revelation is a popular hydrangea with bright red flowers and a compact dwarf growth habit.

Hamburg's striking scarlet blooms may be turned blue with monthly applications of aluminum sulfate. This trick can be used to turn several other pink and red varieties blue. The same method keeps violet hydrangeas from reverting to pink.

Brilliant large salmon-rose blossoms on a compact dwarf shrub make Trophée a striking variety. Other favorites include Amy Pasquier, Hortensis and Stratford.

Hydrangeas are easy to grow in fertile, porous soil. Slightly acid conditions, maintained with frequent applications of a leaf mold mulch, have been found quite beneficial. Generous watering in summer is recommended for most varieties.

Blooming Plants Suggested for Mother's Day

Give a blooming plant on Mother's Day and you are giving years of continued enjoyment. Among the wide selection of plants now blooming in containers at nurseries are roses, fuchsias and pelargoniums. The California Association of Nurserymen recommends especially the selection of a tree rose and a handsome patio tub.

SEVERAL FAVORITE varieties of roses are budded at 24 inches instead of the standard 36 inches. These new lower tree roses are called half standards and they are a good choice for growing in a container.

AMONG THE SEVERAL lovely varieties of half standards are Charlotte Armstrong, Chrysler Imperial, Peace, Mojave and Sutton's Gold. Each nursery keeps different varieties, however, you will be provided a wide choice of beautiful flowers regardless.

Other handsome rose gifts are low-growing floribundas, standard bush roses, climbing roses and the still rather new grandiflora class. Any of these roses make thoughtful gifts which will bring many, many years of beauty to any Mother's garden.

OTHER HANDSOME rose gifts are low-growing floribundas, standard bush roses, climbing roses and the still rather new grandiflora class. Any of these roses make thoughtful gifts which will bring many, many years of beauty to any Mother's garden.

Medicine Cabinet Is Suggestion; Plan Available

Since accidental poisoning kills more young children than polio, diphtheria and scarlet fever combined, it is important to select a sufficiently large medicine cabinet when planning to remodel your bathroom.

The medicine cabinet should be large enough to store all dangerous products out of the reach of small children. Standard cabinets are available with storage capacity ranging up to 1919 cubic inches, and capacity can be doubled or tripled through the use of twin or triple cabinet installations, joined together by simple joiner strips.

A special folder on this subject has been prepared by the F. H. Lawson Co., Cincinnati 4, Ohio, and is available free upon request.

Gasoline Price Drops in Germany

HAMBURG, Germany — German Shell A.G., one of Germany's major oil companies, has dropped its gasoline price one pfennig (one cent) for the second time this month.

Shell's price is now 61 cents a gallon.

DEVELOPER ERNIE DUNLEVIE shows Kay and Clark Gable Architect Chris Choate's conception of unique home to be built at Bermuda Dunes, new residential community near Palm Springs. The Gables have purchased a homesite on Bermuda Dunes' 160-acre golf course, which is currently being built by Oilmann Ray Ryan and Dunlevie, partners in the development. Kay and Clark

are great golf enthusiasts and what attracted them particularly about Bermuda Dunes is the sporting nature of its links. Rolling sand dunes have been utilized by William F. Bell, one of the nation's most outstanding golf course architects, who designed the intriguing course. In some cases Bell has built tees atop 75-foot high sand dunes. (Gayle Studio Photo).

Geraniums, Pelargoniums Are Ideal Container Choices

Three characteristics of geraniums and pelargoniums make them the ideal selection for container gardening: a long blooming season, attractive year-round foliage and a wide range of available colors.

ALTHOUGH geraniums have long been used with great success in borders and foundation plantings, the California Association of Nurserymen asks home gardeners to consider this lesser-known, but quite advantageous landscape subject.

GERANIUM REQUIREMENTS of geraniums are simple. In containers, because they drain more quickly, they need frequent watering. A good soil mixture consists of 2 parts loam or top soil, one part leaf mold or peat moss and one part sand. Since geraniums should be potted firmly, the gardener should press the soil down at planting time. Monthly feedings with manure during the blooming season produce even larger and more profuse blooms.

ALL GERANIUMS, but especially those in containers, must be pruned to encourage lower and more compact growth. This pruning is best done in three stages: pinching out new growth in spring, cutting off old flowers with their stems as blooming proceeds, and cutting the whole plant back about one-third in fall before new growth is put forth.

GERANIUMS ARE the leaves of the pelargonium family that many gardeners have turned to the non-flowering ivy Geranium for ground cover, for trailing over fences or from hanging pots or for training up posts or tree trunks.

THE IMMENSE COLOR RANGE of flowering geraniums includes pale shades, such as salmon, apricot and orchid, bright reds and oranges and deep reds and purples. This tremendous variety enables gardeners to select the exact shade that will do the most for the type of container and the site they have chosen. Selecting several shades of blending or contrasting hues is a simple matter.

HOME GARDENERS will find a large selection of the two major flowering geranium species, Zonal Geraniums and Lady Washington Geraniums, at local nurseries throughout California.

Gardener's Checklist

1. Select annuals in flats now for summer color — asters, snapdragons, petunias, zinnias.
2. Early-flowering vines (like begonia) may be pruned now.
3. Roses should be dusted or sprayed every seven to ten days when aphids are present.
4. There are special preparations on the market that accomplish three jobs with one application. These fertilizers kill broad-leaved weeds and destroy common lawn pests.
5. Mother's Day can be remembered with attractive house plants lovely flowering shrubs in containers or long-desired garden equipment.

LIVING WITH THE outdoors is a pleasure in this contemporary living room. A window wall of neutral-grey polished plate glass, including wind screens, bathes the room in softened natural light and brings it together with the outdoors in an unbroken feeling of spaciousness. Glare and solar heat are reduced without appreciable altering colors.

Around 65 members of the Palm Springs Chapter of City of Hope, who had completed their Donor Fund of \$30 each, were entertained at the Chapter's first annual Donor Fund Luncheon at the Biltmore Wednesday afternoon.

An arrangement of red, white, pink and yellow roses from Neel's Nursery, decorated the head table which was presided over by president Mrs. Howard Brezin. Centering the other tables were floral arrangements the gift of Village Florists.

Luncheon guests were welcomed by Mrs. Abe Schwartz, who had co-chaired Mrs. David Slatin and Mrs. Jack Gholstien.

Celebrates Birthday With Party in Park

A pretty young Rancho Mirage miss celebrated her eighth birthday a week late due to the Desert Circus but the delay didn't dampen the fun for Joanie Pace and the fourteen little girl friends who joined in the celebration. Saturday marked an afternoon of fun with party games, a weiner bake, the opening of gifts and ending with the serving of a beautiful heart-shaped cake. The girls were picked up by the hostess' mother and taken to Tamari Park for the festivities.

Excitement prevailed as Dody Larson won the prize for the "Hot Potato" game and Nancy Elliott won the prize in the "Simon Says" game. Each girl roasted her own weiner to suit herself. Tomorrow's cooks had a little practice and they did just fine.

The party which George and Blanche Dulany gave at their Thunderbird home Wednesday night . . . to introduce the Gordon Guibersons . . . turned out to be a big

one and lots of fun . . . The storm clouds that had been sprinkling the countryside up in the Pass earlier in the day . . . were gathering even as the guests were . . . and a few sprinkles drove some of the more timid ones indoors . . . The host paraded up and down with an umbrella and scared the rain away . . . Japanese lanterns had been strung and tables set up out of doors . . . overlooking the golf course . . . Indoors the big livingroom was hung with clusters of bright-colored balloons . . .

The buffet tables offered baked ham . . . Blanche's specialty which she calls turkey-lurkey . . . baked beans . . . a fruit jello ring . . . and some delicious iced cakes . . .

Alta Roberson (George is in Balboa) and I rode out with Vicki Malouf . . . in her new station wagon that's a half-block long . . . and Vicki said invitations were going out the next day . . . for the Maloufs' usual end-of-the-season party . . . which will be an all-day affair on May 18 . . . They will have numbers of their Angelino friends down for this occasion . . .

Frank and Joan Bering were saying farewell . . . as they planned to leave the next day . . . driving north along the coast to Carmel, Monterey and San Francisco . . . They will also stop over in Reno . . . or their leisurely homeward trip . . . The Berings . . . who own Ambassador East-West in Chicago . . . have just acquired a new hotel . . . in Trinidad . . . It's so new they didn't even know the name of it . . .

Barney and Alma Geggenbach were among the Dulany guests . . . Barney goes on the Rancheros ride this weekend with Ed Houghton . . . and Alma will have several friends as houseguests . . . Jane and Russ Wade were among the latecomers . . . Russ wearing one of those elaborate embroidered shirts he claims Jane crochets them . . . So, there's an exceptionally well-dressed thief in circulation . . .

Also in the party crowd were . . . Trudy and Paul Reynolds, Elvira and Don Bleith, Victor Hugo-Vidalis . . . the Ralph Singers, Fred Karlen (his wife has the flu) . . . the Henry Dollywoods, Pearl McManus . . . J. The morning mail is an announcement "We've moved" . . . from Vivian and Glenn Austin . . . who are now permanently established in their Palm Springs home on Vereda Sur . . . They sold their Bel Air house to Marie and Harry Enrich . . . and Vivian said they sold it with the provision that Mrs. Enrich join WAIF . . . Vivian says . . . TODAY'S SPORT PARADE

By OSCAR FRALEY
United Press Sports Writer

NEW YORK. — This was a day in the spring three years ago after Fearless Fraley picked the Milwaukee Braves to win the National League pennant and the voice on the other end of the line was choked with gratitude.

"Thank you, Fearless," said Harold Partlett, business manager of the then Brooklyn Dodgers, "for not putting the kiss of death on us."

So the Dodgers won the pennant and their first world championship.

Which may seem like a far cry from the Kentucky Derby but, as events developed yesterday, it's only a whisper. Because right after Fearless picked Beauvoir Chief to win Saturday's run for the roses, the owners busted a gusset and the Chief popped a splint.

But don't despair children, I've got another hot one.

THIS ONE, you'll have to understand, sends me slightly to chalk what with my original choice confined to quarters. When you eat chalk, in the parlance of horse highway, you are taking one of the favorites.

So when I say that Jewel's Reward is carrying my deuce over the chocolate brown racing strip at Churchill Downs Saturday afternoon, it actually isn't going to cost me my membership in the knock-down-the-favorites club.

I won't need an armored car to take home my payoff but, with my big longshot sitting this one out, the Jewel looks like the best of the rest. Tim Tam and Silky Sullivan figure to get most of the action at the mutual windows so the price shouldn't be disgraceful.

MY ONLY HOPE is that this choice will remain a secret until they parade to the post. If Eddie Arcaro hears that I have picked his mount he is likely to give up race riding and start something else like playing fullback for the Chicago Bears. The Jewel, I hear, is incommodado while Elizabeth Arden's Grahams' beauticians give him a permanent, so I've got no worry there.

The news that old Fearless has put the kies of death on the Jewel will be received with great interest, naturally. In May Tam's Coloretta questioner Silky Sullivan's plan undoubtedly will give all hands an extra portion of the poison.

Because some engelos jealously reproach me that I used the likes of such Native Dames or outlaws as Dark Star, Neighin, Boston, Sirone, Bold Ruler, fourth to Iron Liege, and Joe Louis this night he fought and was flattened by Rocky Marciano.

BUT IF ARCARO can keep the Jewel from drifting wide of the ton of the stretch—as he did that day in 1941 with a "definite" named Whirlaway—you can look for the cosmetic colt to be right there when they take the picture. Arcaro is a good hand at handling such situations so from here it looks like his sixth Derby triumph.

Still, if you're a died-in-the-saddle-blanket long-shot sucker who sneers at anything slightly chalky, there's a real outsider who might give you a run for your money. He's a colt called Noureddin, who just might get in to give the Jewel a run for it in the final yards.

14 Named to Start in Derby Tomorrow

Silky Top Puzzle in Rose Run

LOUISVILLE, Ky. — Maine Chance Farm's Jet's Alibi and Hasty House Farm's Can Trust today were withdrawn from Saturday's Kentucky Derby, reducing the field to 14 horses.

"Thank you, Fearless," said Harold Partlett, business manager of the then Brooklyn Dodgers, "for not putting the kiss of death on us."

So the Dodgers won the pennant and their first world championship.

Which may seem like a far cry from the Kentucky Derby but, as events developed yesterday, it's only a whisper. Because right after Fearless picked Beauvoir Chief to win Saturday's run for the roses, the owners busted a gusset and the Chief popped a splint.

ALTHOUGH the experts say Silky Sullivan can't win it and may finish a lukewarm third, he may go to the post as favorite in tomorrow's running of the Kentucky Derby. He has captured the imagination of the \$2 bettor and is the sentimental favorite and may be the money favorite, too. Tim Tam, Jewel's Reward are top picks in the 14 horse field. Nadir was scratched.

RCL Title at Stake Today

Indians Host Arabs Today In Decider

It's make or break today for Coach George Scholl's Indian baseball team. They host Coonchella today in a game which will have an important bearing on the Riverside County League baseball race for 1958.

Coonchella is leading the race with a record of seven games won, none lost and two tied for an 88.8 percentage.

Palm Springs has a five won, two lost, one tied record for a mark of .687.

The Indians need a win today to stay in the race as the season is nearing an end with only four games to go.

In their first meeting on the Coonchella diamond the two teams battled to a 4-4 tie.

Today's game is scheduled at the Polo Grounds at 4 p.m.

In other games today Hemet tied with Palm Springs for second place in the RCL with .687, goes to Beaumont; Elsinore, 3-4, meets San Jacinto, 3-5; and Banning, 4-4, goes to Perris, 0-0.

In two make-up games Thursday, Hemet nosed out Beaumont 4 to 3, and San Jacinto won over Elsinore, 6 to 5.

YET UNLESS the professional bettors wager heavily on this solid contender, the avalanche of two, five and tens from the masses could make Silky the favorite.

Mrs. Elizabeth Graham of Maine Chance Farm entered three horses—Jewel's Reward, Jet's Alibi and Ebony Pearl. No horse had finished ahead of Jewel's Reward this year although the colt was set back to second behind Tim Tam in the Flamingo Stake through a disqualification. The old master, Eddie Arcaro, rides.

Arcaro already has scored five Derbys, on with Hoop Jr., for trainer Ivan Parke, who now conditions the Maine Chance Farm horses.

Rounding out the field for the second richest Derby on record are Warren G., Kenny Church; Gone Fishin', Ralph Neves; Martin Rullah, Conn McCreary; Flamingo, Gordon Glisson; Lincoln Road, Chris Rogers; Red Hot Pistol, Doug Dodson; A Dragon Killer, Johnny Adams; Noureddin, Jim Combest; and Benedito, Bobby Dever.

Gonzales Enters Quarter-Finals In Pro Turney

LOS ANGELES. — Auburn Copeland was treated for a possible broken jaw Thursday night after losing a 10-round decision at the Olympic Auditorium to Dwight Hawkins, a 10-1 underdog.

"Your jaw's broken, Kid," Irao said he told Copeland. "I wanted to stop it but he wouldn't let me."

Hawkins, 124, Los Angeles, fought as a substitute for Jimmy Moses who was supposed to have met Copeland in a 12-round bout for the California featherweight championship. Moses was forced out by a nose injury.

The decision was announced as a draw at first and then changed to a one-point decision for Hawkins when judge Joe Olmos corrected his scoreboard.

Thomas Powers Bucs to 8-3 Win

By FRED DOWN

United Press Sports Writer

Add Frank Thomas to the list of National League sluggers who are making Los Angeles' 250-foot

the Dodgers' own worst enemy.

Always a dangerous long-ball threat, Thomas smashed his third and fourth homers in the L.A. shooting gallery Thursday night to lead the Pittsburgh Pirates to an 8-3 victory over the Dodgers.

It was the sixth straight win for the Pirates — their longest streak since 1955 — and marked the Dodgers' 10th defeat in 15 games.

The ironic twist to the Dodgers' faltering start is the fact that in every case the visiting teams' sluggers have played the major roles. A few years back, it was the Dodgers' solid run of right-handed hitters who formed the scourge of the league's pitchers.

But San Francisco's Hank Sauer,

St. Louis' Stan Musial (a lefty),

Chicago's Lee Walls and now Pittsburgh's Thomas have taken to beating the Dodgers at their own game.

ADDING INSULT to injury,

pitcher Vern Law exploded a three-run homer in a one-run sixth inning Pirate rally that keyed Don Newcombe and clinched the game. Law was relieved by Ron Blackburn, rookie right-hander, when the Dodgers pulled the bases with one out in their half of the frame, but received credit for his second victory of the season.

Rookies also played a major part in two other games Thursday — giving the lie to the word from spring training that this season's rookie crop was one of the poorest in many seasons.

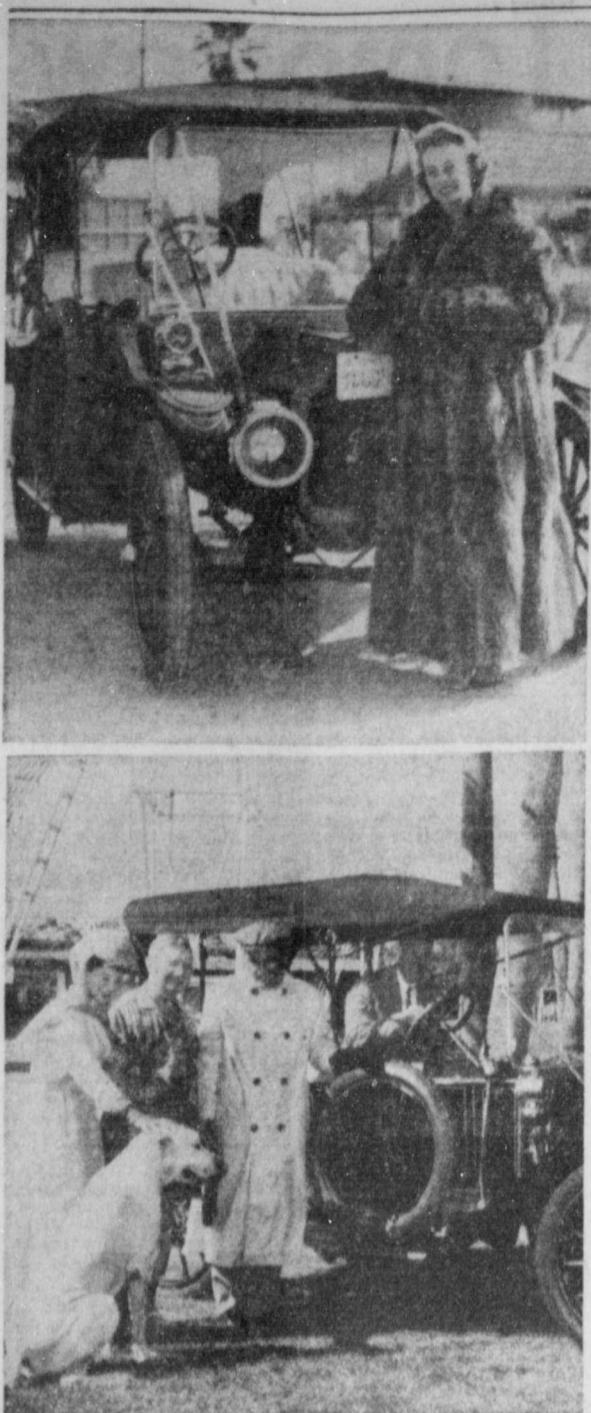

Rookie Ray Sempach pitched a seven-hitter to give the Philadelphia Phillies a 7-0 victory over the San Francisco Giants and rookie John Gorly homered in the ninth inning.

In the light heavyweight division, Jesse Bowdry of St. Louis cracked the top 10 for the first time on the strength of his unanimous decision over Clarence Hinnant at Chicago Wednesday night.

Bowdry took over Hinnant's No. 8 spot while Hinnant slipped to ninth place.

Cleveland Indians routed the Washington Senators, 9-4, and the Boston Red Sox beat the Kansas City Athletics, 7-6.

Newcombe, making his first start since April 17, shut out the Pirates for four innings but they scored three runs to go ahead, 3-2, in the fifth on Thomas' first homer and four singles. The Pirates then homped on Newcombe and Ed Roebuck for five big runs in the sixth, featured by Law's three

Feather River Water Need Shown to Lions

An interesting and colorful film depicting the need of early development of the Feather River Water Project was shown Palm Springs Lions Club members and guests Thursday noon in the Starlite Room of the Chi Chi.

Charles O. McDonald, manager of the Palm Springs Water Company, was program chairman, and introduced Paul Payne, engineer and assistant manager of the company, who prefaced the film by saying there was abundant water in California for future needs but that the big problem was proper distribution from areas with surplus water and little population, to areas with insufficient water but the bulk of the state's population.

The film warned that "time is running out" and that quick action in bringing surplus northern California water to southern sections is drastically needed.

President Elmer Walberg presided at the meeting and Al Gardner, district convention chairman, reported on plans for the district convention of 4-LA to be held here this weekend.

One of the earliest operating mines in America was a gold mine in the Cerrillos, or Little Hills, south of Santa Fe, N.M. Here, early in the 17th century, Indians engaged in placer mining under the supervision of Spanish colonists.

DESERT AREA MINISTERS met at St. Paul's in the Desert Episcopal Church here to hear Rev. Kenneth W. Cary, of St. Matthew's Episcopal Church of Pacific Palisades, discuss a drive against taxing of schools, as is proposed in an amendment scheduled to appear on the Nov. 4 election ballot. Rev. Cary is state chairman of the Protestants United Against Taxing Schools. Among church representatives hosted at a St. Paul's luncheon were, seated, left to right, Rev. David Paisley, of Twenty-nine Palms Episcopal Church; Rev.

Gordon Gilbert, of the Desert Hot Springs Baptist Church; Cary, and Rev. James Arnold, of the Cathedral City Community Church, and, standing, Rev. Paul R. Schmidt, of the Indio Lutheran Church; Rev. Darrell Mayberry, of the Seventh Day Adventist's Church of Palm Springs; Rev. Aaron Plueger of Our Savior's Lutheran Church of Banning; Rev. William Blondon of St. Paul's; Rev. W. Reid Hammard, of Beaumont Episcopal Church, and Dr. James Blackstone, of Palm Springs Community Church. (Desert Sun Photo).

34 Members Of Mariners Go on Hayride

CATHEDRAL CITY — Thirty-four members of the 5 C's Mariners Club of the Cathedral City Community Church turned out for the Hayride and Weiner Roast at Desert Cove Ranch.

Happy hayriders on hay wagons were towed by tractors out into the desert where tables had been set up for the hot dogs, potato salad, and a decorated cake honoring the birthday of Mrs. Doris LeClair.

After dinner there were songs and toasted marshmallows.

Hosts and hostesses were Robby and Marie Robertson and Walt and Harriet Colglazier, assisted by Mrs. Irene DaVall.

Babbage Urges Young GOP to Fight Apathy

Congressional candidate John Babbage this week urged Young Republicans Leaders of California to fight the "apathy and fear" of political activities "that threaten our freedom."

Babbage, speaking to Young Republicans at Riverside, explained that the party is strengthened "by interested, active and intelligent membership" while apathy is "the greatest threat to our freedom."
